SBA Stands Ready to Assist New York Residents Affected by Severe Storms and Flooding

WASHINGTON – Following the announcement of the Presidential disaster declaration in New York for several counties affected by the severe storms and flooding that occurred from August 8 - 10, 2009, Administrator Karen G. Mills of the U.S. Small Business Administration issued the following statement:

“The U.S. Small Business Administration is strongly committed to providing the people of New York with the most effective and customer-focused response possible to assist homeowners, renters, and small businesses with federal disaster loans. Getting our businesses and communities up and running after a disaster is our highest priority at SBA.”

The disaster declaration covers Cattaraugus, Chautauqua and Erie counties in New York, which are eligible for both Physical and Economic Injury Disaster Loans from the SBA. Small businesses and most private non-profit organizations in the following adjacent counties are eligible to apply only for SBA Economic Injury Disaster Loans: Allegany, Genesee, Niagara and Wyoming in New York; Erie, McKean and Warren in Pennsylvania.

Disaster loans up to \$200,000 are available to homeowners to repair or replace damaged or destroyed real estate. Homeowners and renters are eligible up to \$40,000 to repair or replace damaged or destroyed personal property.

Businesses and non-profit organizations of any size may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory, and other business assets. SBA can also lend additional funds to help with the cost of making improvements that protect, prevent or minimize the same type of disaster damage in the future.

For small businesses and most private non-profit organizations of all sizes, the SBA offers Economic Injury Disaster Loans to help meet working capital needs caused by the disaster. Economic Injury Disaster Loan assistance is available regardless of whether the business suffered any physical property damage.

Interest rates are as low as 2.750 percent for homeowners and renters and 4 percent for businesses with terms up to 30 years. Loan amounts and terms are set by the SBA and are based on each applicant’s financial condition.
