SBA Recovery Center in Decatur to Close October 30

ATLANTA – The U.S. Small Business Administration announces today that due to a steady decrease of activity, the Business Recovery Center in Decatur, Georgia will cease operations **Friday, October 30, at 5:00 p.m.**, at the close of business.

The Small Business Administration urges those affected by the severe storms and flooding that occurred on September 18 through October 8, 2009, to visit the Center before the closing to obtain one-on-one assistance and information about the disaster assistance program. The Center is located at:

**Wesley Chapel - William C. Brown Library
2861 Wesley Chapel Road
Decatur, GA 30034**

Businesses and non-profit organizations of any size may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory and other business assets. The SBA also offers mitigation funds to disaster victims based on 20 percent of the verified physical damage. These funds are designed to help borrowers pay for measures taken to protect or minimize damages of the same kind in the future.

For small businesses, and most private non-profit organizations of all sizes, the SBA offers Economic Injury Disaster Loans to help meet working capital needs, such as ongoing operating expenses. Economic Injury Disaster Loan assistance is available regardless of whether the business suffered any physical property damage.

Interest rates are as low as 4 percent for businesses with terms up to 30 years. Loan amounts and terms are set by the SBA and are based upon each applicant's financial condition.

Victims should not wait to settle with their insurance companies before applying for disaster loan assistance. If a victim does not know how much of their loss will be covered by insurance or other sources, the SBA will consider making a loan for the total loss up to its loan limits, provided the borrower agrees to use insurance proceeds to reduce or repay their SBA loan.
