SBA Stands Ready to Assist Mississippi Residents Affected by Severe Storms, Tornadoes and Flooding in Five Northern Counties

WASHINGTON – U.S. Small Business Administration Administrator Karen G. Mills issued the following statement following the announcement of the Presidential disaster declaration in Mississippi for several counties affected by the severe storms, tornadoes and flooding that occurred on May 1–2, 2010:

“The U.S. Small Business Administration is strongly committed to providing the people of Northern Mississippi with the most effective and customer-focused response possible to assist homeowners, renters, and small businesses with federal disaster loans. Getting our businesses and communities up and running after a disaster is our highest priority at SBA.”

The disaster declaration covers Alcorn, Benton, Lafayette, Tippah and Tishomingo counties in Mississippi, which are eligible for both Physical and Economic Injury Disaster Loans from the SBA. Small businesses and most private non-profit organizations in the following adjacent counties are eligible to apply only for SBA Economic Injury Disaster Loans: Calhoun, Itawamba, Marshall, Panola, Pontotoc, Prentiss, Tate, Union and Yalobusha in **Mississippi**; Colbert, Franklin, Lauderdale in **Alabama** and Fayette, Hardeman, Hardin and McNairy in **Tennessee**.

Disaster loans up to \$200,000 are available to homeowners to repair or replace disaster damaged or destroyed real estate. Homeowners and renters are eligible up to \$40,000 to repair or replace disaster damaged or destroyed personal property.

Businesses and private non-profit organizations of any size may borrow up to \$2 million to repair or replace disaster damaged or destroyed real estate, machinery and equipment, inventory, and other business assets. The SBA may increase a loan up to 20 percent of the total amount of disaster damage to real estate and/or leasehold improvements, as verified by SBA, to make improvements that lessen the risk of property damage by future disasters of the same kind.

For small businesses and most private non-profit organizations of all sizes, the SBA offers Economic Injury Disaster Loans to help meet working capital needs caused by the disaster. Economic Injury Disaster Loan assistance is available regardless of whether the business suffered any physical property damage.
