SBA to Close Disaster Loan Outreach Center In Imperial County

Sacramento, CA – Ruben R. Garcia, Director of the U. S. Small Business Administration’s (SBA) San Diego District Office, today announced that SBA will close its **Imperial County** Disaster Loan Outreach Center. “The outreach center located in **El Centro** at the **County Office of Employment Training, 2695 South 4th Street, Building D**, will close at **5:00 pm on Thursday, March 22,**” Garcia said.

“SBA’s customer service representatives will be available until the center closes to provide personalized service, answer specific questions about how an Economic Injury Disaster Loan from SBA may help each business recover from the freeze and provide one-on-one assistance in completing their loan application,” Garcia added. All business owners who have received an SBA application are encouraged to return it to the outreach center before it closes.

“So far, SBA has approved more than \$6.1 million in low interest disaster loans to California small businesses hurt by the freeze,” said Garcia.

“SBA’s disaster declaration makes low-interest Economic Injury Disaster Loans available to small, non-farm businesses who have suffered financial losses due to the freeze itself or due to freeze damage to crops such as citrus. SBA’s declaration makes available these loans to small businesses that are dependent on growers of citrus and other freeze-impacted crops. Eligible small businesses also include those who do business directly with the growers or other agricultural producers such as packing houses, truckers, and suppliers of agricultural equipment or services. Owners of small “main street” businesses whose customers are dependent on agriculture income, such as diners, gas stations, markets, etc. may also apply for these disaster loans,” Garcia added

By law, agricultural enterprises such as citrus growers and vegetable growers are not eligible for SBA disaster assistance. Citrus and vegetable growers and farmers and ranchers should contact the U.S. Department of Agriculture (USDA) for information on assistance programs they may have available.

These are working capital loans of up to \$1.5 million at an interest rate of 4 percent with terms up to 30 years. “These loans may be used to pay fixed debts, payroll, accounts payable and other bills that can’t be paid because of the disaster’s impact. The loans also can provide vital economic assistance to small businesses to help them overcome the loss of revenue they are experiencing,” said Garcia.

After SBA’s outreach center closes, businesses should mail their completed applications to SBA. Applications and information may be obtained by calling toll-free **(800) 659-2955**. Hearing impaired individuals may call **(800) 877-8339**. The filing deadline to apply for these loans is **October 24, 2007**.
