Disaster Assistance Available for Small Businesses

Sacramento, CA - Small, non-farm businesses in Kern, San Luis Obispo, Santa Barbara and Ventura counties may now apply for low-interest disaster loans from the U. S. Small Business Administration (SBA). These disaster loans offset economic losses because of reduced revenues caused by extremely high winds that occurred in **Santa Barbara** County on December 27 and 28, 2006, announced Alfred E. Judd, Director of SBA's Disaster Field Operations Center - West.

Small businesses may qualify for Economic Injury Disaster Loans (EIDLs) of up to \$1.5 million to help meet financial obligations and operating expenses which could have been met had the disaster not occurred. "Eligibility for these loans is based on the financial impact of the disaster only and not on any actual property damage. These loans have an interest rate of 4%, a maximum term of 30 years, and are restricted to small businesses without the financial ability to offset the adverse impact without hardship," Judd said.

By law, SBA makes EIDLs available when the U. S. Secretary of Agriculture designates an agricultural disaster. Secretary Mike Johanns declared these disasters at the request of Governor Arnold Schwarzenegger.

Businesses primarily engaged in farming or ranching are not eligible for SBA disaster assistance. Agricultural enterprises should contact the Farm Services Agency (FSA) about the U. S. Department of Agriculture (USDA) assistance made available by the Secretary's declaration.

For information and application forms call toll-free (800) 659-2955, or visit SBA's website at <http://www.sba.gov/services/disasterassistance>. Hearing impaired individuals may call (800) 877-8339.

The deadline to apply for these loans is **October 29, 2007**.
