SBA DISASTER LOAN ASSISTANCE TOPS \$17 MILLION FOR VICTIMS OF KANSAS STORMS AND FLOODING

Sacramento, CA – Samuel C. Jones, the U. S. Small Business Administration’s (SBA) Regional Administrator, announced today that SBA has approved over \$17 million in disaster loans to homeowners, renters, and businesses affected by the severe storms and flooding that struck June 26 through July 25.

“SBA’s disaster assistance employees are committed to helping Kansas residents and business owners rebuild their homes, their businesses and their lives as fast as possible,” said Jones. Individuals and business owners who sustained damages are encouraged to register with the Federal Emergency Management Agency (FEMA) by calling the tele-registration number at (800) 621-3362 or (800) 462-7586 (TTY) for the hearing and speech impaired prior to the September 4, 2007 deadline. “Don’t miss out on any assistance you may be entitled to by not registering for help,” he said.

“SBA is the Federal government’s primary source of money for the long-term rebuilding of disaster-damaged private property. SBA helps fund repairs or rebuilding efforts, and covers the cost of replacing lost or disaster-damaged personal property. These disaster loans cover losses not fully compensated by insurance and do not duplicate benefits of other agencies or organizations,” he continued.

Disaster loans up to \$200,000 are available to homeowners to repair or replace damaged or destroyed real estate. Homeowners and renters are eligible for up to \$40,000 to repair or replace damaged or destroyed personal property.

Businesses of any size and private non-profit organizations may borrow up to \$1.5 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory, and other business assets. SBA can also lend additional funds to homeowners and businesses to help with the cost of making improvements that prevent or minimize the same type of disaster damage from occurring in the future.

SBA also offers Economic Injury Disaster Loans (EIDLs) to help meet working capital needs of small businesses, which suffered economic injury relating to the disaster. EIDL assistance is available regardless of whether the business suffered any property damage.
