Residents and Businesses Affected by Wildland Fires Have Until July 13 to Apply for Federal Disaster Loans

Sacramento, CA – Herbert Austin, Director of the U. S. Small Business Administration’s (SBA) Dallas/Fort Worth District Office, announced today that individuals and businesses who have suffered property damage as a result of the April 7 through April 12, 2009 wildland fires have until **July 13, 2009** to apply for an SBA Federal disaster loan.

“Low-interest Federal disaster loans are available to homeowners, renters, businesses of all sizes and private, non-profit organizations whose property was damaged or destroyed by the wildland fires,” said Austin. “These loans are available in the SBA disaster declared counties of **Clay, Cooke, Jack, Montague** and **Wise** in Texas and **Jefferson** and **Love** counties in Oklahoma,” he added.

Disaster loans up to \$200,000 are available to homeowners to repair or replace damaged or destroyed real estate. Homeowners and renters are eligible for up to \$40,000 to repair or replace damaged or destroyed personal property.

Businesses of all sizes and private, non-profit organizations may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory, and other business assets. SBA can also lend additional funds to homeowners and businesses to help with the cost of making improvements that protect, prevent or minimize the same type of disaster damage from occurring in the future.

For small businesses and most private, non-profit organizations of all size, SBA offers Economic Injury Disaster Loans (EIDLs) to help meet working capital needs caused by the disaster. EIDL assistance is available regardless of whether the business suffered any property damage. The deadline to return economic injury applications is **February 15, 2010**.

Applicants may apply online using the Electronic Loan Application (ELA) via SBA’s secure Web site at <https://disasterloan.sba.gov/ela>.
