SBA to Close Calexico Disaster Loan Outreach Center

Sacramento, CA – Ruben R. Garcia, Director of the U.S. Small Business Administration’s (SBA) San Diego District Office, today announced the closing of SBA’s Calexico Disaster Loan Outreach Center (DLOC). The center, located at the Calexico City Hall, 608 Heber Avenue, will close at 5 pm on Wednesday, May 26.

SBA opened the center on April 22 to provide personalized assistance to residents and businesses affected by the April 4 Northern Baja California Earthquake. “Until the center closes, SBA’s customer service representatives will continue to be available to issue loan applications, answer questions about SBA’s disaster loan program, explain the application process, help each individual complete their application and close their approved disaster loans,” Garcia continued.

“SBA customer service representatives will also continue to be available at the El Centro Disaster Loan Outreach Center until further notice. The El Centro center is located at:

Mondays through Fridays, 9 am to 6 pm
Closed Memorial Day, Monday, May 31

“Low-interest Federal disaster loans are still available to homeowners, renters, businesses of all sizes and private, non-profit organizations whose property was damaged or destroyed by the disaster. So far, SBA has approved nearly \$1.1 million in low interest disaster loans,” said Garcia.

Disaster loans up to \$200,000 are available to homeowners to repair or replace damaged or destroyed real estate. Homeowners and renters are eligible for up to \$40,000 to repair or replace damaged or destroyed personal property.

Businesses of any size and private, non-profit organizations may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory, and other business assets. SBA can also lend additional funds to homeowners and businesses to help with the cost of making improvements that protect, prevent or minimize the same type of disaster damage from occurring in the future.

For small businesses and most private, non-profit organizations of any size, SBA offers Economic Injury Disaster Loans (EIDLs) to help meet working capital needs caused by the disaster. EIDL assistance is available regardless of whether the business suffered any property damage.
