SBA Offers Disaster Assistance to Washington Residents and Businesses Affected by Lynnview Apartment Complex Fire

Sacramento, CA – Low-interest federal disaster loans are available to Washington residents and business owners affected by the Lynnview View Apartment complex fire that occurred on August 9, 2010, said U. S. Small Business Administration (SBA) Administrator Karen G. Mills. SBA acted under its own authority to declare a disaster following Governor Chris Gregoire’s August 12 request for a disaster declaration.

The disaster declaration makes SBA assistance available in Snohomish County as well as the neighboring counties of Chelan, Island, King and Skagit.

“The U. S. Small Business Administration is strongly committed to providing the most effective and customer-focused response possible to assist those residents and businesses affected by the fire with federal disaster loans,” said Mills. “Getting our businesses and communities up and running after a disaster is our highest priority at SBA.”

“Low-interest federal disaster loans are available to homeowners, renters, businesses of all sizes and private, non-profit organizations whose property was damaged or destroyed by the disaster,” said Nancy Porzio, SBA’s Seattle District Director. “Beginning Thursday, August 19 at 9 am, SBA customer service representatives will be on hand at the following Disaster Loan Outreach Center to issue loan applications, answer questions about SBA’s disaster loan program, explain the application process, help each individual complete their application and close their approved loans,” Porzio continued.

The center will be open on the days and times indicated. No appointment is necessary.

For small businesses and most private, non-profit organizations of any size, SBA offers Economic Injury Disaster Loans (EIDLs) to help meet working capital needs caused by the disaster. EIDL assistance is available regardless of whether the business suffered any property damage.
